NEXTEP

Your Next Step Starts Here

APP DESCRIPTION

- **Personalized Career Roadmaps:** AI-powered guidance to help students and young professionals reach their dream jobs.
- **Skill Development Recommendations:** Identifies gaps and suggests courses, certifications, and alternative career paths.
- **Data Insights for Schools:** Institutions gain access to anonymized data to tailor programs and improve employability outcomes.
- **From Learning to Hiring to Career Advancement**: All-in-one app from student to professional.

Nextep

REAL WORLD PROBLEM

- Many students and young professionals lack clear, data-driven guidance to reach their dream jobs.
- Current job portals list opportunities but fail to provide personalized career roadmaps.
- Institutions have limited visibility into student aspirations and employability outcomes.

MARKET ANALYSIS

- Over 2.3M college graduates annually in the Philippines, plus senior high school graduates and young professionals seeking guidance.
- Few platforms offer intelligent, tailored career planning tools, leaving a major gap in the market.
- Schools and employers increasingly seek data-driven insights to align education with job market needs.

MARKET OPPORTUNITY

- **Large Target Base:** 2.3M+ college graduates annually in the Philippines, plus senior high school graduates and young professionals.
- **Rising Demand:** Increasing need for personalized, data-driven career guidance due to outdated advising systems and high underemployment rates.
- **Institutional Gap:** Schools and universities lack actionable data on student goals and employability outcomes.
- **Monetization Potential:** Paid analytics subscriptions for schools, targeted ads from training providers, and future employer partnerships.

Nextep

INNOVATIVE TECH SOLUTION

01 RECOMMENDED SKILLS AND CERTIFICATIONS TAILORED TO THEIR GOALS

02 JOB TRACKER, RESUME BUILDER, PORTFOLIO AND CERTIFICATION REPOSITORY

03 FEEDBACK ON CAREER READINESS AND SKILL GAPS

04 A PERSONALIZED ROADMAP TO REACH THEIR CAREER TARGETS

Business Model Canvas

Key Partners

- Schools and Universities: Primary partners adopting the platform and providing access to graduating students and young professionals.
- Government agencies (CHED, DOLE): Potential partnerships for workforce data and employability statistics.
- Learning platforms and certification providers: Integration to suggest relevant courses and certifications.
- Technology providers: Cloud hosting (AWS, Google Cloud), AI and data analytics tools, cybersecurity providers.
- Job boards and recruitment platforms: Future partnerships for job listings integration.
- Career coaches and HR experts: To enhance algorithm recommendations and advisory content.

Key Activities

- Developing and maintaining the web-based platform and mobile-friendly interface.
- Building and refining the recommendation algorithm for personalized career paths.
- Collecting and analyzing employability data from institutions and external sources.
- Integrating with school databases and Airtable for data management.
- Marketing and onboarding schools and universities.
- Providing training and support to institutional clients.
- Regularly updating job market trends, certifications, and career data.

Key Resources

- Full-stack Development Team
- Customer Support Team
- Sales Team for School Partnerships
- Content Team (resume templates, tutorials)
- Cloud Infrastructure
- Legal Compliance Support

Value Proposition

- For Students and Young Professionals: A free, intelligent, Spotify-like platform recommending skills, courses, certifications, and career paths to help reach their dream job or company.
- For Schools/Universities: Actionable employability data, improved graduate tracking, and the ability to tailor curriculums based on student goals and market demand.
- For Employers (future): Access to a pre-qualified talent pool and student career readiness insights.
- For Institutions: Reduces manual tracking of student job applications, providing a centralized, data-driven system.

Customer Relationships

- Self-service student platform with personalized dashboards.
- Community support forums and help center.
- Regular feedback channels for students and institutions to refine features.
- Email updates and notifications for new job matches, skill recommendations, and milestones.
- Dedicated institutional account managers for schools and employers.

Channels

- Direct outreach to schools via academic partnerships and educational conferences.
- Online marketing campaigns targeted at school administrators and students.
- Integration with existing LMS platforms for seamless adoption.
- Social media presence (LinkedIn, Facebook, TikTok) for brand awareness.
- Referrals through partner institutions and student ambassadors.

Customer Segments

- **Primary:** Senior high school students, college graduates, and young professionals seeking career guidance.
- **Institutional:** Colleges, universities, specialized schools, and training centers.
- **Secondary (future):** Employers and recruiters seeking access to talent data.

Cost Structure

- Product development (initial build and ongoing updates).
- AI and data analytics infrastructure costs.
- Salaries for developers, data analysts, marketing, and support staff.
- Marketing and sales expenses.
- Cloud hosting and cybersecurity costs.
- Legal, compliance, and data privacy management.
- Customer onboarding and training costs.

Revenue Streams

- Institutional Subscription Model: Monthly or annual subscription fees from schools based on the number of active students.
- Data Insights Subscription: Schools and educational organizations pay for aggregated, anonymized data insights to tailor curriculums.
- Sponsored Content & Ads: Paid promotion of courses, certifications, and specialized training programs to students.
- Premium Features for Individuals (Future): Young professionals outside schools can subscribe for additional features such as advanced analytics, personalized coaching, or priority

POTENTIAL FUNDING SOURCES

OFFER EARLY-ADOPTER SCHOOLS DISCOUNTED MULTI-YEAR SUBSCRIPTION PLANS BEFORE FULL PLATFORM LAUNCH.

TARGET PRICE:

- ₱120,000–₱180,000/YEAR PER SCHOOL (DEPENDS ON STUDENT POPULATION SIZE).
- PILOT SCHOOLS (YEAR 1) GET 30–40% DISCOUNT FOR BEING BETA PARTNERS.
- PROJECTED FUNDING:
- 5 SCHOOLS PRE-SUBSCRIBED IN YEAR 1 = ~₱600K–₱800K UPFRONT FUNDING.
- HELPS COVER A LARGE PORTION OF DEVELOPMENT AND LAUNCH COSTS.

POTENTIAL FUNDING SOURCES

INSTITUTIONAL CO-DEVELOPMENT GRANTS

- APPROACH: SCHOOLS CONTRIBUTE ONE-TIME SETUP/INTEGRATION FEES (₱50K–₱100K) FOR CUSTOM DASHBOARDS, DATA REPORTING TOOLS, AND AIRTABLE/API INTEGRATIONS.
- BENEFIT FOR SCHOOLS: EARLY INFLUENCE ON PLATFORM FEATURES AND PRIORITY ONBOARDING.
- PROJECTED FUNDING: IF 5–10 SCHOOLS JOIN BETA = ADDITIONAL ₱300K–₱1M.

POTENTIAL FUNDING SOURCES

3LONG-TERM REVENUE FROM SCHOOLS

- ANNUAL SUBSCRIPTION MODEL: ₱150,000 AVERAGE PER SCHOOL POST-LAUNCH.
- POTENTIAL YEAR 2–3:
  - 15 SCHOOLS = ₱2.25M/YEAR
  - 30 SCHOOLS = ₱4.5M/YEAR

POTENTIAL FUNDING SOURCES

ADS AND SPONSORED LISTINGS FROM SCHOOLS & TRAINING PROVIDERS

- SECONDARY REVENUE STREAM: SCHOOLS AND CERTIFICATION PROVIDERS PAY ₱5K–₱20K PER CAMPAIGN TO PROMOTE THEIR COURSES OR JOB PROGRAMS INSIDE NEXTEP'S RECOMMENDATION SYSTEM.

SCALING & GROWTH STRATEGY

PHASE 1: PILOT & MVP ROLLOUT (2026–2027)

DEVELOPMENT: BUILD THE CORE PLATFORM WITH KEY FEATURES SUCH AS STUDENT ONBOARDING, PERSONALIZED DASHBOARD, AND BASIC CAREER RECOMMENDATIONS.

PILOT TESTING: LAUNCH WITH CIIT AND 3–5 OTHER PARTNER INSTITUTIONS TO TEST USABILITY AND GATHER EARLY ADOPTION FEEDBACK.

KEY FEATURES: RESUME BUILDER, CERTIFICATION TRACKING, AND SKILL GAP ANALYZER IN THE FIRST ITERATION.

DATA COLLECTION: COLLECT REAL-WORLD STUDENT AND INSTITUTIONAL DATA TO REFINE THE RECOMMENDATION ALGORITHM.

GOAL: 1,000 STUDENTS ONBOARDED AND 3–5 SCHOOL SUBSCRIPTIONS BY END OF PILOT PHASE.

SCALING & GROWTH STRATEGY

PHASE 2: INSTITUTIONAL ANALYTICS (2027–2028)

ADVANCED FEATURES: ADD ANALYTICS DASHBOARD FOR SCHOOLS TO VISUALIZE STUDENT CAREER READINESS AND JOB PLACEMENT TRENDS.

INSTITUTIONAL INTEGRATION: ENABLE AIRTABLE AND LMS DATA SYNC FOR SEAMLESS REPORTING.
API TOOLS: DEVELOP INSTITUTIONAL API FOR CUSTOM QUERIES AND REPORTS.

EXPANSION: SCALE TO 10–20 SCHOOLS NATIONWIDE, LEVERAGING PARTNERSHIPS WITH EDUCATIONAL ASSOCIATIONS AND CAREER EVENTS.

ITERATION 2: IMPROVE RECOMMENDATIONS WITH ENHANCED DATA ANALYSIS, ADDING 'CAREER ROADMAP SUGGESTIONS' TAILORED TO DREAM COMPANIES.

GOAL: ACHIEVE 10,000+ STUDENT USERS AND NATIONWIDE ADOPTION IN TOP ACADEMIC INSTITUTIONS.

SCALING & GROWTH STRATEGY

PHASE 3: B2B AND ECOSYSTEM INTEGRATION (2028–2029)

EMPLOYER TOOLS: LAUNCH EMPLOYER-SIDE DASHBOARDS TO ALLOW COMPANIES TO IDENTIFY AND RECRUIT PRE-QUALIFIED TALENT.

JOB MARKET INTEGRATION: API BRIDGE WITH LEADING JOB BOARDS AND RECRUITMENT PLATFORMS.

GOVERNMENT PARTNERSHIPS: COLLABORATE WITH CHED, DOLE, AND TESDA TO ALIGN CURRICULUM OFFERINGS WITH LABOR MARKET DEMANDS.

INTERNATIONAL EXPANSION: BEGIN PILOT PROJECTS IN SOUTHEAST ASIA (VIETNAM, INDONESIA, MALAYSIA) TARGETING SIMILAR EDUCATION-EMPLOYMENT GAPS.

GOAL: 50,000+ STUDENTS ONBOARDED, 50+ INSTITUTIONS SUBSCRIBED, AND INITIAL INTERNATIONAL CLIENTS ACQUIRED.

FUNDING STRATEGY

FUNDING SOURCES:

- **SEED FUNDING (2025–2026):** SECURE INITIAL FUNDING THROUGH:
  - ANGEL INVESTORS AND EDUCATIONAL TECHNOLOGY INCUBATORS
  - GRANTS AND GOVERNMENT SUPPORT PROGRAMS (DOST, AND CHED).
- UNIVERSITY PARTNERSHIPS WITH EARLY ADOPTER INSTITUTIONS (E.G., CIIT) CONTRIBUTING PILOT PROJECT FEES.
- BOOTSTRAPPING FROM FOUNDERS FOR INITIAL PROTOTYPE DEVELOPMENT.

- **SERIES A (2027–2028):** ONCE MVP IS VALIDATED AND 10–15 SCHOOLS ARE ONBOARDED, APPROACH VENTURE CAPITAL FIRMS SPECIALIZING IN EDTECH AND SAAS SOLUTIONS IN SOUTHEAST ASIA.

- **REVENUE-BASED FINANCING (2028 ONWARDS):** LEVERAGE RECURRING INSTITUTIONAL SUBSCRIPTIONS TO ATTRACT NON-DILUTIVE FINANCING OPTIONS TO SCALE OPERATIONS AND REGIONAL EXPANSION.

REVENUE STREAMS

1. **INSTITUTIONAL SUBSCRIPTIONS:**
   - ANNUAL PER-STUDENT FEE PAID BY SCHOOLS/UNIVERSITIES FOR PLATFORM ACCESS, ANALYTICS DASHBOARDS, AND REPORTS. ESTIMATED PHP 300–500 PER STUDENT/YEAR.
2. **DATA INSIGHTS SUBSCRIPTION:**
   - SCHOOLS AND GOVERNMENT AGENCIES PAY FOR AGGREGATED, ANONYMIZED DATA TO OPTIMIZE COURSE OFFERINGS AND IMPROVE EMPLOYMENT OUTCOMES.
3. **TARGETED ADS & PARTNERSHIPS:**
   - SPECIALIZED SCHOOLS, CERTIFICATION PROVIDERS, AND TRAINING INSTITUTIONS PAY FOR AD PLACEMENTS AND PROMOTIONAL LISTINGS.
4. **PREMIUM PERSONAL PLANS:**
   - FOR ALUMNI AND YOUNG PROFESSIONALS NO LONGER LINKED TO INSTITUTIONS (PHP 99/MONTH) FOR CONTINUOUS ACCESS TO CAREER RECOMMENDATIONS AND TRACKING TOOLS.

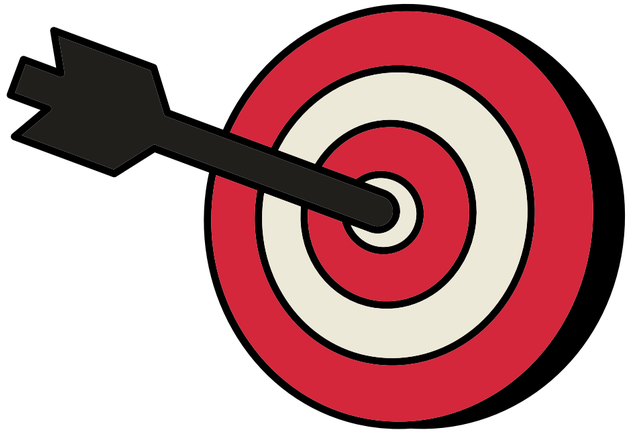
CAPITAL OUTLAY & FINANCIAL PROJECTION

Year	Revenue	Expenses	Net Profit
Y1	₱0	₱1.35M	-₱1.35M
Y2	₱1.8M	₱1.2M	₱600,000
Y3	₱5.5M	₱2.5M	₱3M

CAPITAL OUTLAY & FINANCIAL PROJECTION

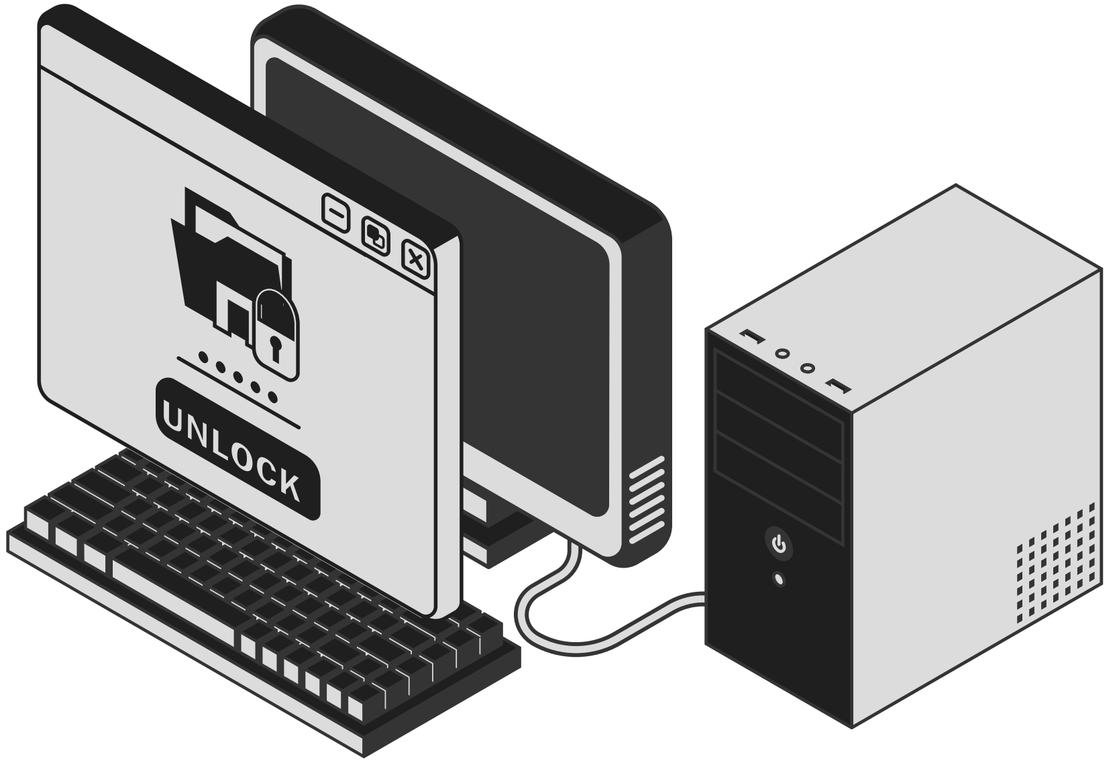
Expense Category	Year 1 (PHP)	Year 2 (PHP)	Year 3 (PHP)
Development Team + QA	900000	700000	600000
Hosting & Security	120000	150000	200000
Legal & Data Compliance	100000	100000	120000
UX/UI Design	80000	50000	50000
Marketing & School Outreach	150000	300000	400000
Operations & Admin	200000	250000	300000
Customer Support	100000	150000	200000
Platform Maintenance	80000	120000	150000
Contingency Fund	70000	80000	100000

MVP FEATURES (BY JUNE 2026)

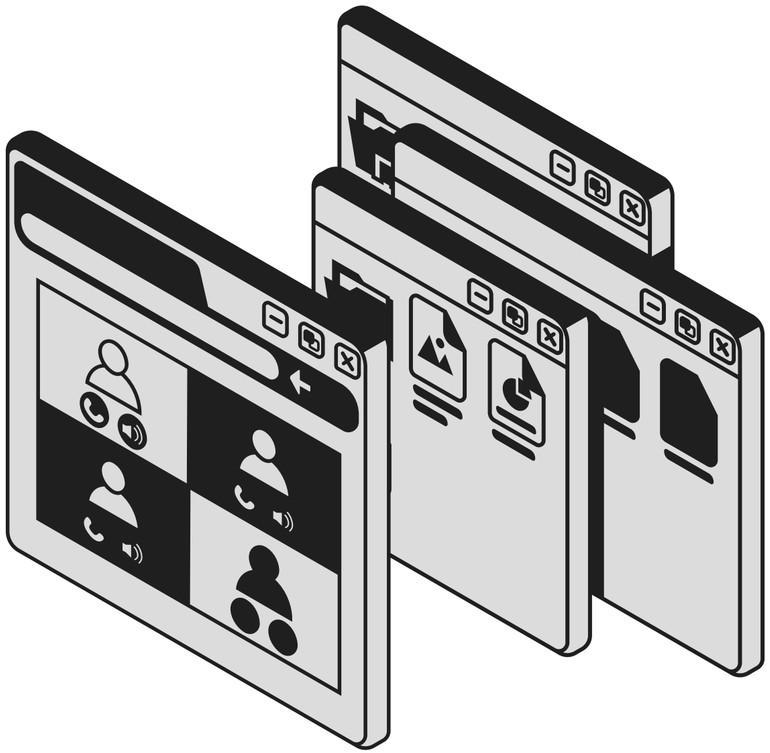


COMPANY, CAREER, AND JOB PATH RECOMMENDATIONS

- Users can swipe left (dislike) or right (like) the career path they want.
- The app will tailor fit the courses, programs, and certifications they need to meet the desired job opportunity.



MVP IS DESKTOP-OPTIMIZED, MOBILE-RESPONSIVE (BUT NOT A FULL MOBILE APP YET)



JOB TRACKER DASHBOARD

Kanban-style board with 7 columns:

Applied → Interviewing → Assessment → Final Interview → Job Offer → Accepted → Rejected

RESUME UPLOADER

- Students upload 1–2 resume files (.docx/.pdf)
- Resume completeness progress bar

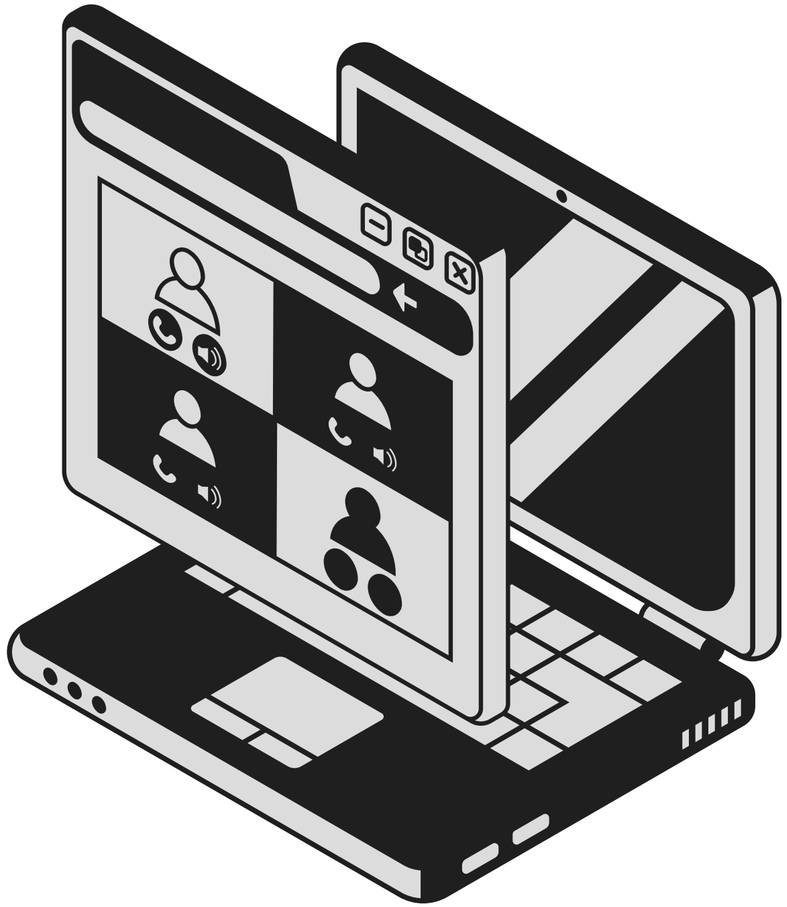
PORTFOLIO AND CERTIFICATIONS

- Students can use the app as their repository for all the certifications they took.
- This is also where they can dump all their portfolios such any artworks, websites, data, etc.

PROFILE SETUP

- Basic student info:

Name
Email
Course
Graduation Year



CUSTOMER FEEDBACK #1 - MVP PHASE (Q3 2026)

"CAN YOU ADD A DARK MODE? STUDENTS OFTEN CHECK THE APP AT NIGHT ON THEIR PHONES, AND IT STRAINS THE EYES."

– FEEDBACK FROM PILOT STUDENTS AT A PRIVATE UNIVERSITY IN QUEZON CITY

ITERATION #1 (Q4 2026): UI/UX IMPROVEMENTS

FEATURES ADDED

- Dark Mode Toggle on both desktop and mobile
- Auto-switch based on device time
- Font and contrast adjustments for low-light use
- Compact view toggle for small screens

CUSTOMER FEEDBACK #2 – POST-PILOT EXPANSION (Q1 2027)

"CAN WE GET APPLICATION REMINDERS AND CALENDAR SYNC? SOMETIMES WE FORGET INTERVIEW SCHEDULES."

– FEEDBACK FROM STUDENTS IN 3 PILOT SCHOOLS AND 1 SUC

ITERATION #2 (Q2 2027): PRODUCTIVITY INTEGRATION

FEATURES ADDED

- Custom **application stage reminders** via push/email (e.g., “Follow up on X job in 3 days”)
- One-click **Google Calendar sync** for interviews or deadlines
- Visual timeline for upcoming events/interviews
